## Why Decide on In-House Printing?

Printing in house can **better the student experience** and **increase student engagement** in a more sustainable manner, while allowing teachers more autonomy to be creative and resourceful and serve their students and classrooms individual needs.

Having immediate access to **color printing, quick production times,** and being able to **create on a whim** gives teachers the chance to **respond to specific needs** as opposed to sending away print jobs and being confined to the limitations that come with a standard printer.

A decorative background consisting of numerous thin, parallel lines that create a sense of depth and movement, resembling a stylized architectural or geometric pattern. The lines are light gray and extend from the top right towards the bottom left.

Teachers encourage students to be creative and **let their imaginations wander**, and UBS has the perfect devices that can produce and actually **execute these ideas**. This also allows teachers to be more creative because they'll have a **device with endless capabilities**.

Your wide format printer leaves work needed for the classroom, marketing, and events **easier than ever** with the only barrier to printing creative content being your imagination!

# Section One

# Your Classroom

We've compiled a list of creative ways to use your wide format printer for your classroom and school marketing to use as inspiration for you and your students.

# Calendars

Distribute calendars to your students, their parents, or around your school that are **easy to print, edit, and design** for all of the changing needs of your schedule. Allow parents to keep copies of calendars and schedules at home and at work to make **everyone's life just a little easier.**

A close-up photograph of a child's hands working on a craft project. The child is wearing a teal shirt. The workspace is covered with various colorful paper cutouts, including butterflies, flowers, and abstract shapes in shades of blue, pink, yellow, and green. There are also two fuzzy pom-poms, one pink and one purple, and some feathers. The child's hands are actively placing or adjusting these materials on a piece of orange paper.

# Crafts

Wide format printers can print on a variety of different types of paper-be it **cardstock, glossy, or matte paper, perfect for any kind of activity you'll print out for your students!** Our production printers can even bind books, allowing an endless number of possibilities that are all sure to inspire the imaginations of teachers and students alike.

A blurred background image of a classroom. Several students are visible from behind, with their hands raised in the air. A teacher or adult is partially visible on the right side, also with a hand raised. The scene is brightly lit, suggesting a positive and active learning environment.

# Goal Charts

Inspire your students to push themselves and track their progress while doing so by printing goal trackers for them to inspire them to break down their goals and measure the steps it will take to achieve them. **Wide format printers make clear copies of these goal breakdowns** so your students can take them home and continue to grow and measure their success outside of the classroom.

# Labels

Keep your classroom tidy and organized by printing off your own labels that are you unique to you and your classroom! **Wide format color printers include features that allow you to print your own labels** on a variety of different pages in a plethora of different sizes.

# Maps

As a teacher, you want to bring the world to your students. **Our Wide Format Printer makes it easy to show them whatever section of the world you are focusing on that week!** With the ability to take on large scale print jobs with ease, you can bring the materials to the classroom your students need to increase their understanding of the material.

A close-up, shallow depth-of-field photograph of an orchestra. In the foreground, a violinist's hands are in sharp focus, playing a violin. The background shows other musicians, including a cellist and a double bassist, who are blurred. The lighting is warm and dramatic, highlighting the wood of the instruments and the concentration on the players' faces.

# Sheet Music

Orchestra or Chorus calling? Print sheet music **fast, and by the dozens!** The **fine detail of our production printers** captures all of the tiny music notes and minute details of the music that will leave your orchestra or band sounding phenomenal, and giving your students great material to practice from.

# Stencils

**Encouraging creativity is a vital part of any classroom.**  
With your own stencils, you'll help your visual and kinesthetic learners reinforce concepts and allow of your students the chance to explore their artistic sensibilities.

A close-up, slightly blurred photograph of a person's hand holding a blue pen and writing on a white sheet of paper. The person is wearing a grey sweater. The background is a wooden surface. The text is overlaid on the image.

# Tests

Designing and printing exams, tests, and quizzes-and often their accompanying scantrons has never been easier **with the ability to print them in mass quantities, the moment you need them.**

Having immediate access to **color printing, quick production times**, and being able to **create on a whim** gives teachers the chance to **respond to specific needs** as opposed to sending away print jobs and being confined to the limitations that come with a standard printer.

Having immediate access to **color printing, quick production times**, and being able to **create on a whim** gives teachers the chance to **respond to specific needs** as opposed to sending away print jobs and being confined to the limitations that come with a standard printer.

Wide format printers print in **less than 30 seconds**, allowing you to print updates made to texts immediately, so you can get your students the updated copies and information they need. The ability to save and recall print jobs will allow you to print your tests **multiple times** throughout the day for multiple different sections or classes.

## Section Two

# Events & Marketing

Build your schools brand by making people aware of the events taking place at your school-and establishing your school brand so that it is immediately recognizable and calls to mind all of the great things about your institution.

# Banners

Using Banners is a very effective way to **promote information that needs to be displayed on a large scale**, be it a welcome back to school banner, an advertisement for a dance or club meeting, or a have a great summer banner!

# Cards

Sending cards home after parent-teacher conferences?  
**Design them yourself to give that personal touch and print them in-house!** Wide Format printers allow you to print a variety of vibrant colors.

A close-up photograph of a person's hands using a craft knife to cut a white decal on a red background. The decal features a large, stylized letter 'A' and the word 'FALL' in a decorative font. The background is a solid red surface, and the hands are positioned to carefully cut along the edges of the white material.

# Decals

The best classrooms and schools take advantage of every inch of space to help inspire, inform, educate, and entertain the student body. With the ability to **print your own decals on demand, you can keep your walls appropriately festive and functional to make your school the best it can be.**

# Events Advertisement

Deck your hallways and classrooms with advertisements created by you and that you can change as regularly as you see fit!

# Mailers/Newsletters

Sending home a mailer or a newsletter? How about a few hundred? What if it only took you minutes to print them all? Put your best foot forward when sending home content to your students' parents.

A photograph of two women in a classroom setting. The woman on the left has long dark hair and is wearing a light purple polka-dot shirt. The woman on the right has long brown hair and is wearing a red and white checkered shirt with a floral scarf. They are both smiling and looking at each other. In the background, there is a chalkboard with a red heart on the left side, a wooden bookshelf on the right, and several wooden desks and chairs in the foreground.

# Open House

Advertise your school to those who need to know about it by creating your own signs on your own timeline to advertise for your events.

# Wall Borders

Jazz up your classroom in a variety of ways through your own decoration.
